Observations... From Around Town

(BY JAY WHOZIT)

Well, now that the bill has been passed by the legislature, authorizing the Board of Supervisors to call an election to decide whether Hancock County shall issue bonds in the amount of \$400,000.00 or so much thereof as may be necessary to repair the seawall and beach road, it is only necessary now that the Board act as quickly as possible, so that the work (if the election carries and we hope it does) may be started at once. We don't know for sure, but rumor has it that it will not be long until the telephone company installs the dial system here in Bay St. Louis. Here's big news for both Catholics and non-Catholics of Bay St. Louis—Wednesday, May 26th will be a red letter day in our town, in the church of Our Lady of the Gulf, because on that day, our own home-town boy, Rev. Leo F. Foley, will be consecrated Coadjutor Bishop of the Diocese of Baker City, Oregon—this is really an honor to Bay St. Louis, because it will be the first time such an event will have taken place here and in all probability will never happen again. The First Baptist Church, this week has been the scene each morning and evening, of a series of revival services, being conducted by the Rev. Rupert Russell, of Mobile, Ala., and attendance, we are told has been most gratifying. The Junior Class of SJA has been busy as bees decorating and preparing for their Junior-Senior Prom which will take place this Saturday evening in the Academy auditorium. Tickets are now on sale for the "All Girl" band concert which will be given on Monday evening, April 12th, at St. Joseph auditorium, sponsored by the Stanislaus Band. The list of candidates for the city offices of Mayor and Commissioners is slowly but surely growing, and it won't be long before there will be quite an array of "talent" for the electorate to choose from. The track and field meet for the schools of Hancock County held at Stanislaus Stadium, on Thursday was quite a success and the names of the winners will be published in these columns next week. Pete Porter says that so many of his friends want that Pontiac he has on display, that he may have to raffle it off to see who will get it. They say that everything is put on this earth for some good purpose, well, that may be so, but if you can tell us what good these millions of guats are, that have been plaguing us for the past few weeks, we'd really like to know. Work on the Stanislaus pier is going along steadily and quite a few piling have been driven, with present plans, we are told, calling for the pier to be finished in time for summer camp. A ride along the beach road in the vicinity of Waveland reveals the fact that many residents are busy repairing the damage done to their property by the September storm, and is further proof that although their losses were great our people have not lost their spirit or faith in the future of our Coast section. Mayor Blaize was brought home from the hospital last week and is recuperating at his home in Hancock Street, better hurry and get well, Mayor, they say the trout are biting down at Bayou Caddy. The Clermont Harbor Civic Association has asked for bids for the building of a 600-foot pier for use of residents and visitors. Yes, folks, if everyone in Hancock County had the "get-up-and-go" that these Clermont residents have we would be back on the map in big and better shape than ever before in no time at all. The new Mississippi stamp commemorating the 150th anniversary of the Establishment of the Mississippi Territory is on sale at the local postoffice—some people are still sending chain letters through the mail on the TEA Towel Scheme; this is in violation of postal laws and the senders are subject to prosecution.

Knights of Columbus News

Pere LeDuc Council Knights of Columbus held a regular meeting on Monday night, April 5th, 1948. Final arrangements were made for attending the initiation at Gulfport this coming Sunday, April 11th. Several candidates are requested to assemble at the Knights of Columbus Home on Main Street on Sunday Morning, in order that the group may leave not later than 7:30 A. M. Robert L. Camors, Past Grand Knight, was elected as the Past Grand Knight to represent Pere LeDuc Council at the State Convention. He will attend the convention with Grand Knight Wilmer Thibault. Alternates, elected were John Seafide, alternate to the Grand Knight and Ed J. Arceneaux alternate to the Past Grand Knight.

Bay Hi Band Presented Spring Concert Monday

Selections by Band Under Director Professor Geo. Wimberly and Chorus Under Direction of Mrs. Carl T. Smith Well Received by Audience

Monday, April 5, the Bay High Music Department presented its annual Spring Concert. The selections were enthusiastically received by an appreciative audience.

Highlights of the Band program were solos presented by Jane Ann Martin, clarinet; Curtis Taconi, tenor Saxophone and Billy Ray Bennett, trombone. Especially effective was the modernistic interpretation of McKay's "American Sketches" by the clarinet quartette Jane Ann Martin, Inez Kingston, Mary M. Johnston and Ann Kenmar.

Mr. Wimberly is very satisfied with the work the students have accomplished during the year and is looking forward to the annual State Band Contest.

Piano solos were played during intermission. The interpretation of Beethoven's "Contra Dance" by Bill Thomas and Souperin's "Sœur Monique" drew favorable comments from the audience.

The latter part of the concert was devoted to the Chorus under the direction of Mrs. Carl Smith. The girls were exquisitely dressed in floor length evening gowns of different styles and many hues. They made a charming background for the music they sang so beautifully. Special selections were presented by the quartette Jean Pritchard, Audrey Mays, Charla Russell and Gloria Biehl.

Sunshine Ice Cream Shop Celebrates First Anniversary

The Sunshine Ice Cream Shop celebrated its first anniversary on April 5th. This shop is owned and operated by Mr. and Mrs. Gordon Gleim.

Mr. and Mrs. Gleim, came to Waveland in May 1946, and opened a frozen food and ice cream shop there, and later purchased their present site. They made the necessary alterations to their building and moved to Bay St. Louis and opened their business April 5th, 1947.

Their service attracted the public, and their place of business is usually an after school meeting place for the youngsters.

Mr. Gleim has had much experience in the ice cream business. The Gleims formerly resided in Cincinnati, Ohio, where Mr. Gleim was plant superintendent for the National Dairy Co. distributors of "Seal-test" milk and Ice Cream.

The A. G. Favres had as their guests on Sunday Mr. and Mrs. Charles G. Alba and their son and daughter, Richard and Anne.

Funeral Services For Judge Walter Gleason Held in New Orleans

Funeral services for Judge Walter L. Gleason, who was found dead in his office at 333 Exchange Place in New Orleans, will be conducted this morning, Friday, April 9th, 1948, from the Funeral Home of Pat J. McMahon-Coburn Company, 2305 Canal Street, with religious services at the Church of Our Lady of the Holy Rosary, and interment will be in Metairie Cemetery.

Judge Gleason was 71 years of age. He graduated in law from Tulane University and practiced law in New Orleans until 1927, when he was named a Judge of the Civil District Court.

He was a native of Philadelphia, Penn., and moved to New Orleans with his parents when he was only a year old, and he has been a resident of New Orleans since that time.

He maintained a home in Bay St. Louis, and spent most of his time here in late years.

He retired from the Civil Court Judgeship in 1941 due to ill health.

He was a former President of the Louisiana Bar Association and was a law partner of his brother-in-law Robert Legier, prior to the time he assumed the judgeship.

He is survived by his wife the former Miss Corinne Legier, a daughter Mrs. Frank Grieme of Cincinnati, and two sisters, Misses Etta B. and Welcome K. Gleason, and one grandchild.

VISITOR FROM NEW ZEALAND

Miss Patricia Lublow of Wellington, New Zealand is paying an extended visit to Mr. and Mrs. John Gayle Aiken.

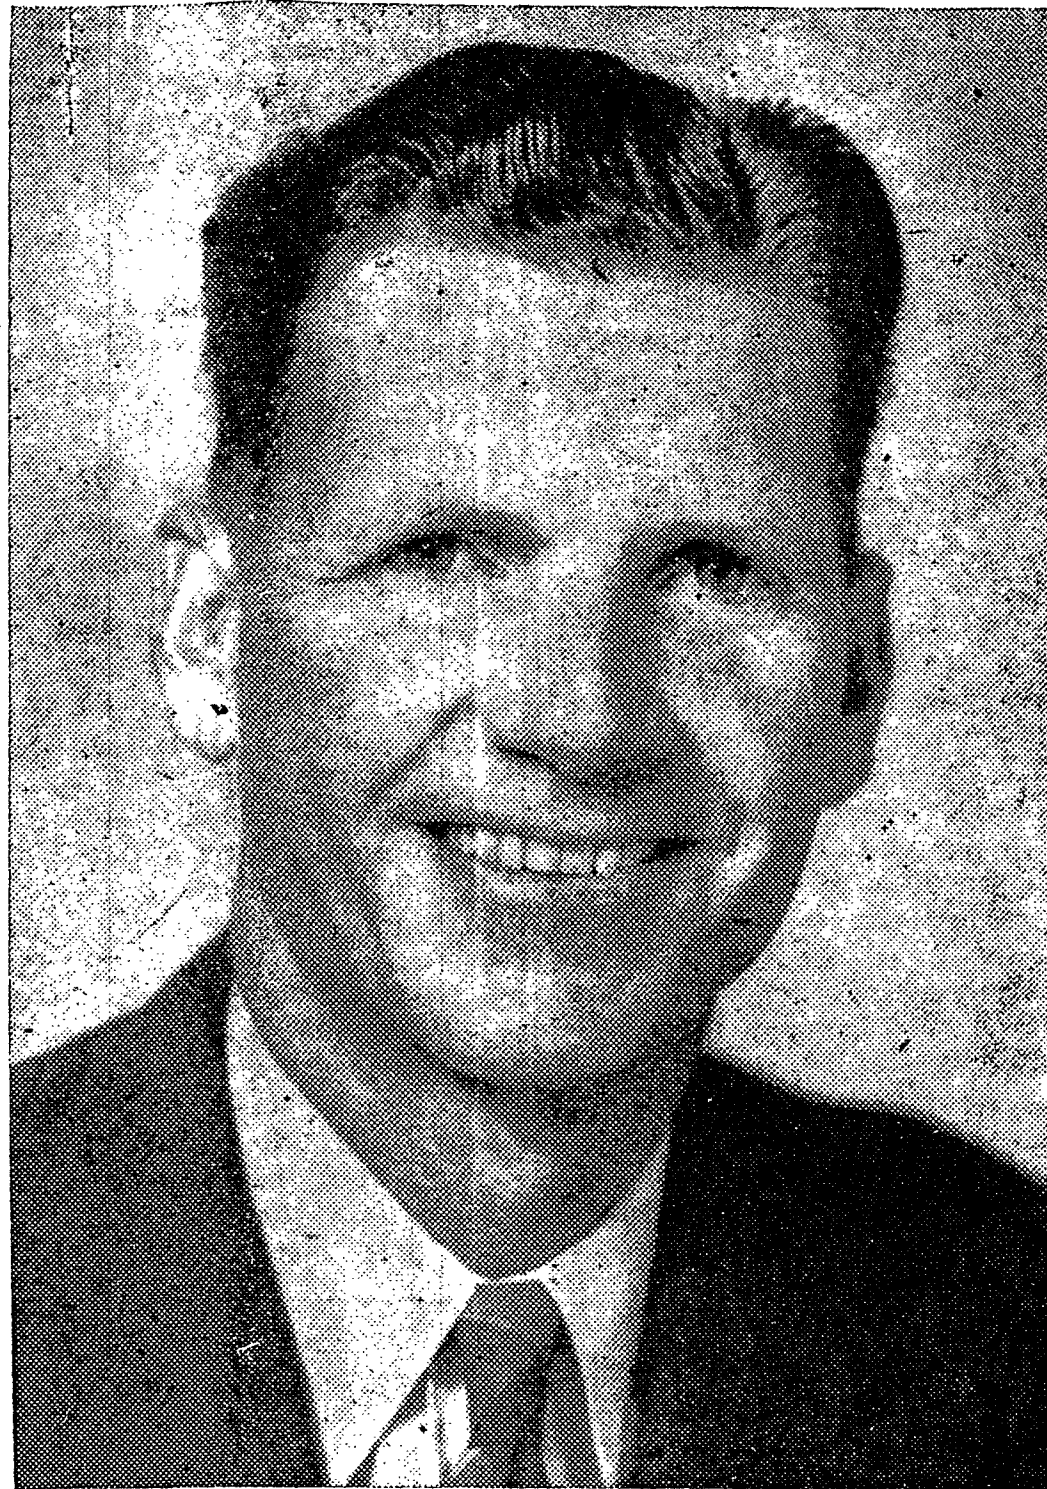

This is Miss Lublow's first visit to America and she is already charmed with our town and what she has seen of the States since her arrival which was by way of the West Coast and by train to Chicago and then to New Orleans and the coast.

ENTERTAIN AT OPEN HOUSE

Dr. and Mrs. E. C. Samuels held open house on last Sunday afternoon and all through the day their friends from New Orleans and the Coast towns visited with them.

The newly constructed home of modern design was pretty with potted plants and cut flowers, the gifts of friends, throughout and from a well placed table in the rear yard, refreshments were served buffet style.

CANDIDATE FOR COMMISSIONER

F. E. (BILL) WITTER

The Sea Coast Echo is authorized to announce the candidacy of F. E. (Bill) Witter for the office of City Commissioner subject to the action of the Democratic Primary Election to be held for the nomination of Mayor and City Commissioners of the City of Bay St. Louis.

St. Louis, Mississippi.

Please accept this as my official

announcement for the office of City Commissioner.

I stand for all the things that we need to make our City modern and progressive. However, knowing the financial condition as you do I can not make any promises. But if I am elected, gradually, with your cooperation, all of our needs and some of our dreams will be realized.

Cordially,

F. E. (BILL) WITTER.

Luncheon Of Gulf Coast Council Of Garden Clubs Held At Grey Castle

Mrs. Reeder, Mrs. Scharff and Mrs. Seal Win Prizes In Bonnet Parade—Mrs. Tony Lyons, Indian Princess Gives Lecture—Officers Elected

Attending the luncheon given by members of the Gulf Coast Council of Garden Clubs on Thursday of last week at Grey Castle Hotel from Bay St. Louis were Mesdames E. Mogabgab, Leo W. Seal, J. R. Scharff, H. C. Glover, E. P. Kirkpatrick, W. L. Reeder, T. A. Schaeffer, H. A. Oxenheimer, O. L. Radford, J. W. Crawford, W. A. Prewitt, Ernest Erwin, H. M. Revell, Max Kohler, Roy Baxter and J. S. Mauffray.

The luncheon was given in honor of Mrs. Tony Lyons, "Princess Star of the Evening," of Oklahoma. Mrs. Lyons is a World Lecturer and direct descendant of the Choctaw tribe.

There were approximately 100 guests present to meet the princess.

Following the luncheon the Bay-Waveland Garden Club, Beach Garden Society, Pass Christian and the Long Beach Garden Club were hostesses to the Gulf Coast Council of Garden Clubs at Gulf Park College at the regular meeting.

The major business was the election of officers which resulted in the re-election of all officers: Mrs. Tom Adams, president; Mrs. H. E. Hoke, vice-president; Mrs. E. P. Kirkpatrick, second vice president; Mrs. A. J. Stalling, treasurer; Mrs. A. H. McCourtney, corresponding secretary; Mrs. Dewey Reagan, recording secretary.

Tea was served on the lawn of Gulf Park College, during this time a Bonnet Parade, where hats modeled by the wearers and made of flowers and vegetables was held.

Mrs. W. L. Reeder captured first prize for a hat of small flowers; Mrs. Leo Seal, first prize for a hat made of vegetables; Mrs. J. R. Scharff, second prize for picture hat made of large flowers. Mrs. Seal also was the winner of the Grand Prize.

The Princess was guest speaker at this meeting and among the many interesting customs of the Indians which she talked of, was that of their original language which was a sign language which she pantomimed and translated. During the program one of the young ladies of Gulf Park sang "The Indian Love Call" and the meeting closed with the singing of God Bless America.

Other prominent guests were Miss Joyce Smith announcer over W. W. L. and Miss Camella Bradley, owner and editor of the magazine "Home Gardening."

Mauffray Hardware Stores Have Sale From April 9th To April 17th.

Mauffray Hardware and Mauffray Hardware Annex, have a sale which begins today, Friday, April 9th, and will continue through Saturday, April 17th.

Circulars were mailed out, to the rural sections of the County and have been distributed by hand in the City and in Waveland, and the circular does not show the date of the sale.

In this issue of the Echo we carry the advertisement of this sale. Many items may be purchased during the sale at a greatly reduced price, at either of the Mauffray stores.

Gulf Coast Garden Pilgrimages Opens Sunday April 11th

Garden of Mr. and Mrs. O. J. Litloff and St. Augustine Seminary to Be Shown in Bay St. Louis—Several In Pass Christian—May Be Visited from 11 A. M. to Sundown

Gulf Coast Garden Pilgrimage...

Sunday, April 11th, opens the Gulf Coast Garden Pilgrimage. Guests will walk over the Litloff Farms where will be seen formal plantings along the bayou, green houses with tropical flowers, a swimming pool and rumpled room and stables of the fine horses.

On Highway 90, within the City of Bay St. Louis will be seen the grounds of St. Augustine Seminary.

A Catholic institution for the education of young men of the Negro race for the priesthood. It was located at Bay St. Louis towards the end of 1922, and the first classes were held in the new seminary building September 24, 1923. Until now 19 young men have received the order of priesthood.

The original building was an old plantation manor and although added to and transformed, it still retains its old Southern atmosphere among the old bearded oaks of ancient days. The new buildings, especially the last three constructed, bear a modern Spanish Colonial Impression in design and yet admirable seem to melt into their more antique setting.

The interior of the chapel is distinguished for its simple but beautiful marble altars and its artistically carved oaken statues. The Crucifixion group over the Main Altar inevitably draws a hushed sigh from the lips of visitors. Among the statues is one of Blessed Martin de Porres, a saintly Dominican lay-brother of Lima, Peru.

At the time of the purchase of the property, many parts resembled a primitive jungle with huge vines climbing high into the trees. The transformation of the grounds from this state to the present condition was the work of patience and dollars, rather than pennies and dollars. As far as is possible, all the plants are being propagated and raised in the nursery of the Seminary. There are more than 150 varieties of Camellias, 30 species of Bamboos, and 9 species of Palms.

Azalea, Sweet Olive, Dogwood, Spiraea, Magnolia, Hydrangea, Crepe Myrtle, Oleander, Hibiscus, Allamanda, flourish in profusion. The main objects of interest are: 1. The Grotto of the Agony, where four scenes of Christ's Passion are most graphically portrayed. 2. The Grotto of Lourdes, fronted by a chain of seven little basins and falls are fed by an artesian well. 3. The Goldfish Pond where four immense frogs and one little dwarf join each other day and night in trying to fill the pond with water from this same artesian well. 4. The Lily Pond near the Highway where more than five thousand trout are hatched every year and allowed to go into the creek. Many a bass caught in the rivers today may have opened its eyes for the first time to gaze upon the waterworld straddled over the basin gushing into the Lily Pond.

Across the bridge in Pass Christian will be seen Trinity Episcopal Church one of the most picturesque spots along the Mississippi Coast. Trinity is the oldest Protestant Church building between Mobile and New Orleans; its records show that Episcopal Church services were held in Pass Christian prior to 1846, and that the nave of the present church was begun in 1847 and completed in 1847.

The congregation was organized as a Parish in 1849 and a short while thereafter the chancel and transepts were added to the Church building. The church is equipped with fine imported stained glass windows and many other beautiful memorials.

Although the church is under the auspices of the Protestant Episcopal Diocese of Mississippi it is a Community Church offering its Ministry to all Christian people. It is visited every year by many tourists and during 1947 visitors from 38 states registered in the Church registry. Immediately behind the Church is the old burial ground known as Live Oak cemetery which is owned and controlled by the Church. While the cemetery is the property of the Episcopal Church its Trustees have never raised the question of creed or race but have allowed it to be a Community burial ground.

One of the most interesting graves in this cemetery, perhaps the one of most historical interest is that of Mrs. Frances Parke Lewis Butler who was the daughter of Lawrence Lewis and Nellie Custis, the great granddaughter of Martha Washington and the grand niece of George Wash-

Thieves Enter Bay Motors Inc.

Drive Off New Ford Two-Ton Truck

Automobile thieves entered the garage of the Bay Motors, Inc., on Wednesday night and drove off with a new Ford Two-Ton Truck. The entry was made through a sash that was broken by the thieves in the rear of the building. Once they had entered the large door on the east side of the building was opened and the truck driven out.

The truck was earmarked by the Ford Company and delivered to the Bay Motors for delivery to the International Paper Company. Mr. Fred Peranich, Vice President and General Manager of the Company, stated that delivery of the truck to Mr. Sam Whitfield, Pulpwood Contractor for the paper company was expected at any time.

It is thought that the robbery occurred shortly after nine o'clock, as Mr. Peranich stated, that Mr. E. J. Lacoste who lives opposite the Bay Motors Plant, heard a noise about that time, and thinking that someone was cranking with his car looked out and saw two men in the driveway of the motor company trying to start a pickup truck, and then saw the large truck drive out of the place. He thought that the men were employees of the Motor Company.

About ten o'clock, Sam Pernicaio who is employed by the Motor Company, and who lives in the rear of their building came home from the picture show, and using the driveway on the east side saw the door open, notified the officials of the company who in turn called in the sheriff and other officers.

No trace of the missing truck has been found as yet.

Citizens Committee To Meet Saturday Night

There will be a meeting of the Citizens Rehabilitation Committee of Waveland, Clermont Harbor and Lakeshore on Saturday, April 10th, at 8 P. M. at the Waveland Town Hall.

—Miss Clara Kergosien, and Mr. and Mrs. James Mordan, spent Sunday evening at Ponschartrain Beach, taking their little nieces, Karen, Kinta, Peggy, Lynnette and Brenda Kergosien, for an evening of pleasure at the Beach.

ington. Her grave is marked by a bronze plaque erected by the Daughters of the American Revolution.

The Oriental gardens of Mr. and Mrs. Rudolph Hecht, at 514 West Beach, are among the finest of their type in the United States. Plantings include flowering quince, plum and peach, Oriental magnolias and giant bamboo. A Buddha one hundred and seventy-five years of age looks over the tea house, wishing bridge, waterfalls and granite pagoda. At 716 West Beach the gardens of Mr. and Mrs. Felix Vaccaro will show one of the oldest gardens of Pass Christian beautifully restored.

hours of three and five in the afternoon. Tea will be served between the noon in the garden of Mr. and Mrs. Tom Adams at 413 East Beach by members of the Beach Garden Society. Hostesses will be in antebellum costumes and a group of spiritual singers will entertain during hours of the visiting.

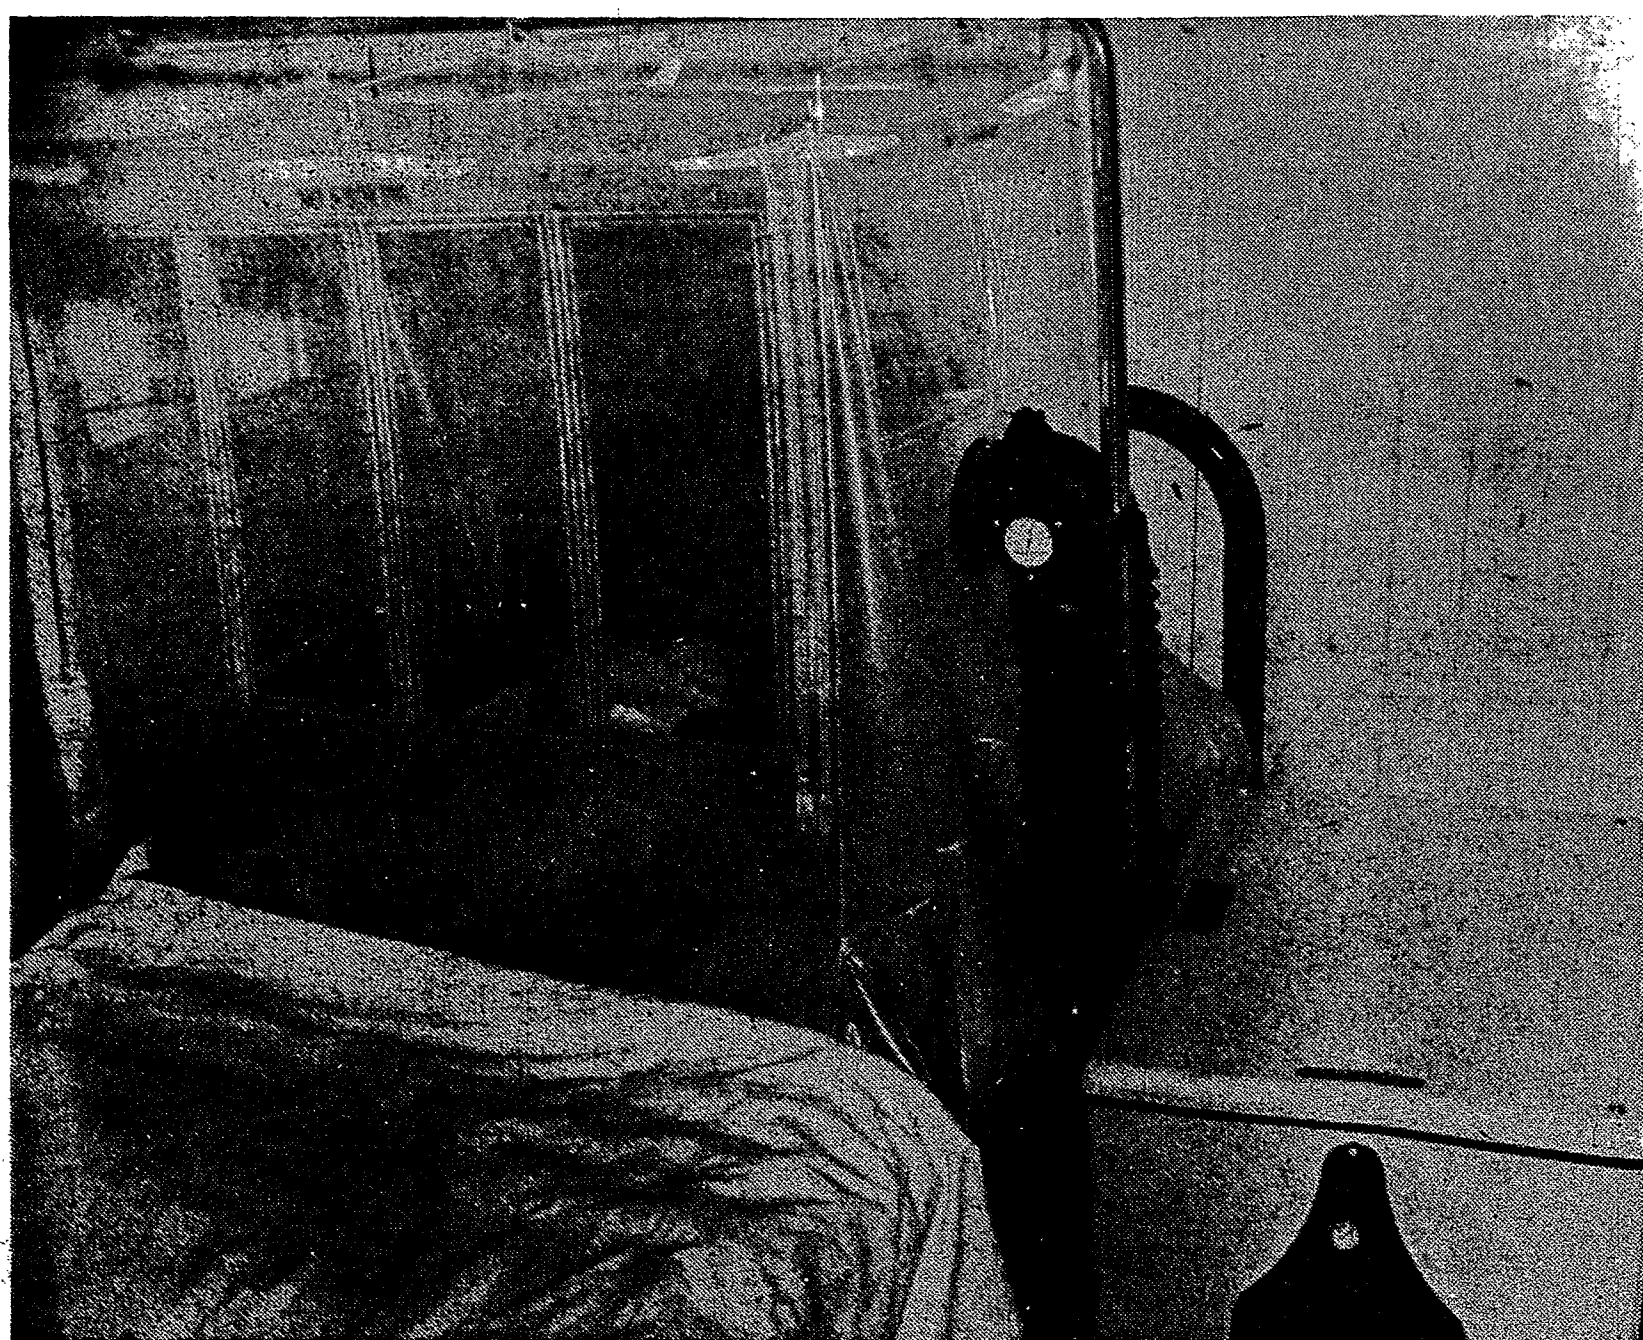

The home of Mr. and Mrs. Donald Markle at 533 East Beach is a perfect example of Spanish Colonial architecture. Visitors will be invited to view the interior of the house as well as the beautiful gardens.

Mrs. Allen Rendall will show her home and garden at 767 East Beach. This one hundred year old house was formerly called the Dixie White House as President Woodrow Wilson spent a vacation there in 1913. Broad recessed porches along the entire length of the cove from which one can see the antique furnishing within. It is also surrounded by a formal garden.

Miss Lucy Garrett at 1219 East Beach, will show a well planned cottage garden.

Arrows will mark the entire route of the gardens which may be visited between eleven A. M. and Sundown.

Oxygen Tent For Kings Daughters Hospital

Above is pictured, the Oxygen Tent which was purchased for the Kings Daughters Hospital in Bay St. Louis, with the proceeds of the Hancock County Independent Basketball Tournament, which accrued from the advertisements on the circular and from the gate receipts.

The day following its arrival it was placed in use. Little Jean Ladner, a six week old baby girl was a patient with double pneumonia. You will note in the picture the head of this infant. Perhaps the efforts of the young men of the County who so willingly gave of their time and

efforts were instrumental in helping to save the life of this child.

Their efforts were indeed worthwhile and they certainly deserve the thanks and appreciation of the people of the County, for they have given to the hospital for the use of the people of the County a much needed item.

WHAT HAVE YOU DONE? DO BETTER!

Have you accomplished all that you set out to accomplish this year? It's doubtful for the majority of us started with a great deal more enthusiasm in September than we feel or show now. The grades on reports showed a big drop this term. Why? Have your grades dropped because you've lost interest? If that is the reason, it is your own fault. With a little more home preparation and attention in classes, a noticeable improvement will be seen.

The major sports of the year are finished. Sports can no longer be used as an excuse for poor grades. School teaches us book knowledge invaluable in later life. School teaches cooperation, sportsmanship, and how to get along with different types of people. There is absolutely no reasonable excuse for not having lessons or presenting a pleasant attitude toward school activities. School is for you. The sooner you are aware of that the more you will gain and the more beneficial it will be. It is still not too late to reform. Perhaps you have already broken your New Year's resolutions. Start now and form good habits with the coming spring and summer which will carry you through to graduation. In later years, you can look back and think of the many pleasant hours spent in school and feel that you did your part to make other persons' hours equally as pleasant and profitable as yours.

MISSISSIPPI NITROGEN PLANT FINANCING PLAN ANNOUNCED

To meet the rising demand for a local source of nitrogen for Mississippi farmers, plans have been laid for the financing and construction of a \$13,000,000 nitrogen fixation plant in Mississippi. Recently announced preliminary plans call for the construction of a plant capable of producing 100 tons of anhydrous ammonia and 110 tons of ammonium nitrate daily. Stock worth \$5,000,000 will be offered to Mississippi farmers, and an \$8,000,000 loan will be provided to finance the cost of construction. It will be organized as a corporation under the laws of Mississippi, and will be controlled by a board of directors elected by the stockholders. Each farmer in the state will be given an opportunity to invest in the proposed plant. They will be asked to estimate their nitrogen needs and make an investment in accordance with this need. An investment of \$75 will assure a stockholder of one ton of ammonium nitrate; a \$50 investment will entitle the stockholder to one ton of anhydrous ammonia. Present plans call for the issuance of 1,000,000 shares of common stock at \$5 a share.

The campaign will be under the supervision of the State Marketing Commission through the State Advisory Committee composed of Owen Cooper, executive director of the Mississippi Farm Bureau Federation, S. W. Box, extension marketing specialist and secretary to the state marketing commission, and L. A. Olson, contract officer, State College. District, county and community committees will supervise the campaign in their respective areas.

Nitrogen Important
The development of liquid anhydrous ammonia as a low-cost nitrogen fertilizer began in 1943 at the Mississippi Experiment Station under the direction of Dr. W. B. Andrews, associate agronomist. Following preliminary work in the laboratory, numerous experiments

were held in the field at many locations throughout Mississippi. The results of these experiments in 1947 surpassed all expectations. Agricultural experts predict that the success of the experiments will result in a notable increase in the demand by Mississippi farmers for nitrogen fertilizers. Leaders in the drive to secure a nitrogen plant in Mississippi point out that in addition to anhydrous ammonia, the proposed plant will be designed to produce ammonium nitrate to meet the demands of stockholders who wish to use this solid nitrogen fertilizer.

The importance of nitrogen to state farmers is clearly indicated in a report released by Mississippi State College. According to this report, 10 pounds of nitrogen, costing less than one dollar, will produce four bushels of corn, currently worth about \$10; or eight bushels of oats, worth approximately \$10 at the present time; or 100 pounds of seed cotton, now selling for over \$13.

A & I Board Report

In a "Preliminary Report on a Mississippi Fixed Nitrogen Fertilizer Plant" issued by the Mississippi Agricultural and Industrial Board, it was stated: "The construction and operation of a nitrogen plant to produce synthetic ammonia and ammonium nitrate in Mississippi is both feasible and economically sound. The total output of such a low-cost fertilizer plant can probably be absorbed within Mississippi."

"There is no question," according to the report, "but what more nitrogen would be used at present prices if it were available, and that still more would be used if more were available at lower prices. The report points out that a Mississippi nitrogen plant could make nitrogen available to state farmers at prices below present market levels, and still make a good profit both at the plant and at the wholesale distribution point."

ATTEND ANNUAL MEETING STATE PT-A IN JACKSON

Attending the annual meeting of the Mississippi Congress of Parents and Teachers which was held in Jackson last week were Mesdames A. J. Noto, president local unit, C. C. McDonald, F. J. Nelson and Mr. and Mrs. Ellis Guillory.

The National President of P-T-A. was present and several other notable members of the organization. Mrs. L. W. Alston succeeds Mrs. Ralph Hester as state president.

Some points of the meeting of local interest was the recognition of the Central P-T-A. as a Gold Seal unit; in recognition of Mrs. McDonald's work as a past state president she was appointed as chairman of the World Citizenship Committee. The general theme of the meeting's four-point program was "Developing Mississippi's Human Resources through World Citizenship, Family Life, Health and School Education."

FLEA ERADICATION TO BEGIN APRIL 19

On Monday Apr. 19, the Hancock County Health Dept. in cooperation with the Mississippi State Board of Health and the City of Bay St. Louis will begin during the business area of the city with DDT dust for the control of rat fleas.

The rat flea, principal carrier in the transmission of Typhus Fever, is easily killed by the DDT, and since this program was instituted in April of 1947 there have been no cases of Typhus reported from this area. Prior to that time over forty cases had been reported.

In November of 1946, one hundred rats were trapped in Bay St. Louis and forty nine of them were positive for typhus.

Injured In Fall

Joseph Kern is a patient in Touris Infirmary as a result of an accident at his home on Saturday of last week. Mr. Kern fell in the bathtub and suffered an injury of the leg above the knee.

His many friends hope for good news from him at an early date.

Candidate For Mayor

WHAT I STAND FOR:

Hello Folks!

As parents, what question does your child ask you more often in summer than any other? Yes, I am sure it's "May I go swimming?" Isn't that exactly why you loved summer so much when you were a kid? How many hours have you spent happily in the waters of our delightful Bay? Now think for a moment. How many times did you want to go very badly, and because there was no public beach locally, you were forced to contrive a way across the bridge to the Point? How many times did you want to go, and, having no way to get there, you had to give it up?

Without too large a sum of money or too much labor involved, we people of Bay St. Louis could enjoy swimming at our own beach. Our boys and girls could be entertained locally rather than be forced to seek entertainment out of town. And think what it will do toward attracting tourists.

We have such wonderful opportunities and sites for bathing beaches here. Let's develop these possibilities and give our city another boost toward ultimate improvement. We need a good bathing beach. Let's have one.

Sincerely yours,

EARL F. RAMOND

Baptist Revival Series Being Held This Week Well Attended

Began Last Sunday and Will Close This Sunday Evening With Baptism—Being Conducted by Rev. Rupert Fussell

Good attendance and great sermons are being experienced in the revival currently being conducted at the First Baptist Church by Rev. Rupert Fussell of Mobile, Alabama, according to the pastor, Rev. John T. Dearing, Jr. The revival began last Sunday with the regular services of the church and has continued through the week with services at 9:30 a. m. in the morning and 7:30 each evening. It will close with the regular services at 11:00 a. m. and 7:30 p. m. Sunday. The ordinance of Baptism will be administered at the close of the evening service Sunday.

Rev. Fussell at the present working toward his Doctor of Theology Degree in the New Orleans Baptist Theological Seminary. He has been a minister for the past thirteen years, having held three successful pastorates in Alabama. His conversion, according to Mr. Dearing, took place in 1932 while in a hospital, recuperating from a serious operation, he realized his need of believing and trusting in Christ as a personal savior, and after declaring his allegiance to Christ as Saviour, worked in religious lay-work for a year and a half when he surrendered his life completely to God and to the call of the Ministry. His life before his conversion had been the

rough and unconcerned life of a construction worker. The first task he set for himself was the leading of his own father to an acceptance of Christ. This, he declared, was the hardest of tasks, taking all of ten years. His life, time, and efforts as pastor and evangelist has been spent in seeking to point to all with whom he comes in contact to "the only way of life—a surrendered life to Christ as Lord." His voice has been lifted against sin and un-Godly living from Virginia to Texas, declaring the "necessity for man to turn from himself and service of himself to God and service of God."

He received his A. B. Degree from Howard College, Birmingham, Alabama in 1937; and the B. D. Degree from The New Orleans Baptist Theological Seminary in 1947. He will receive his Th. D. Degree in 1949. The pastor of the First Baptist Church states that nearly all who have heard Rev. Fussell have returned, bringing some friend or neighbor with them. Consequently the congregation has increased in numbers each night.

A cordial invitation is extended to all to come and hear Rev. Fussell and receive an inspiration for their daily living.

Hancock County Progress Association Organized By Local Citizens

The Hancock County Progress Association was organized last Thursday night by a group of some thirty local citizens.

Purpose of the new organization is as follows: To work for needed improvements in city and county, for more industries and payrolls, for better results from our tax money, for a greater alertness of the people to their civic problems, for more local civic pride and for a wider participation of the citizens in their public affairs.

Temporary officers are Lewis Henderson 706 Hancock Street, chairman; Harry Stone, Lakeshore, secretary.

Permanent officers and directors will be elected at a meeting next Thursday, 7:30 p. m. at the courthouse. According to the by-laws which were approved at the meeting, the officers will include a president, a vice-president, a secretary, a treasurer and a board of six directors.

The following members of the group will serve as a special committee to work for a large attendance at the meeting next Thursday: Bill Bass, Ola V. Moran, Edward A. Fayard, Alvin J. Kingston, Eddie J. Argeneaux, Jr., Lee F. Parker, August Dietrich, August Rauey, Jr., Claud Vincent, Edward Jones, Horace H. Valrin, J. P. Fischer, August Scaife, R. C. Ladner, Warren Carver, Harry Stone and Lewis Henderson.

All those who are in sympathy with the purpose of the organization are invited to attend the meeting next Thursday night.

SUFFERS LOSS OF FINGER IN ACCIDENT

Roy Dedeaux, Guilford, Route 1, suffered the loss of the ring finger of his left hand as a result of an accident. It was said that he jumped from the rear of his truck and caught his wedding ring in the back of the truck wrenching his finger to such an extent that amputation was necessary. The finger was removed at the Kings Daughters Hospital on Tuesday.

Mr. Dedeaux was trucking Contractor on the new Highway 90 and was brought to the hospital by Jess Fayard.

4-H JUNIOR LEADERS TO RECEIVE 334 FREE TRIPS FROM UNITED GAS

Winners in the Mississippi 4-H Club Junior Leadership program during the 1947-1948 club year will be awarded 334 free trips to district camps at State College, Chicago and Washington by United Gas Pipe Line Company, according to an announcement issued this week by Mississippi Extension Service. In addition to the trips, United Gas will award \$50 to the best Community 4-H Club in each of the state's five Extension Districts for its library fund or other needs.

H. S. Johnson, Mississippi 4-H Club leader, expressed appreciation to United Gas for the awards on behalf of State Extension Service and 4-H Club members. "In offering these awards to 4-H Junior Leaders, United Gas is helping to build a firm foundation for the future development of Mississippi," the club official said. "We extend our sincere thanks to United Gas and its president, Mr. N. C. McGowan, for all they have done and are doing to stimulate the agricultural economy of the state."

Mr. McGowan, in completing arrangements for sponsoring the program, said his company wanted to develop intelligent leadership among the farm youth of today. "The purpose of this program," he said, "is to help produce leaders from the ranks of 4-H Club members, and to encourage all older members to develop the qualities of leadership upon which future progress and the foundation of wholesome community life must depend. It is also the purpose of this program to provide leadership assistance to adult leaders and agents, and to develop opportunities for service and helpfulness to others."

United Gas will award 164 trips to the Mississippi State 4-H Club

Congress at Mississippi State College in July of this year to the highest scoring 4-H Junior Leaders—one boy and one girl—in each county. A similar number of trips to District 4-H Junior Leaders Training camps during June and July will be awarded to highest scoring 4-H Junior Leaders—one boy and one girl—in each county. Two boys and two girls, State Winners in the program, will receive trips to the National 4-H Club Camp to be held in Washington, D. C., this June. United Gas will also award State Winners—one boy and one girl—trips to the National 4-H Club Congress in Chicago in December of this year. Total value of the awards offered by United Gas was set at approximately \$5,000 by company officials.

Mr. Johnson, stated that in order to be eligible for awards, 4-H members must be enrolled in a 4-H Junior leadership program; take one or more regular production or conservation projects; have been a club member for 3 years prior to participating in the 4-H Junior Leadership program; be over 14 and under 21 years old; submit a report on Junior Leadership activities and submit standard report forms indicating total achievements in 4-H club work.

United Gas is sponsoring a similar program in Louisiana for 4-H club members of that state in cooperation with the Louisiana Extension Service. Two Jackson men head up United Gas operations in Mississippi. They are J. L. Davis, in charge of pipe line and production activities, and R. L. McGuire in charge of distribution operations.

Christ Church Guild Met At Home of Mrs. Boyd

Christ Church Guild met on Tuesday, at the residence of Mrs. L. T. Boyd with Mrs. Clem Penrose and Mrs. Willard Henderson as co-hostesses.

GENEVIEVE HARRISON, REPORTER

Miss. and Mrs. S. S. Barnett, Mrs. Ishem, Joan M. James, Lillian Price, C. V. Deas and Mrs. Grace Pollard attended the Gulfside District Training School at Biloxi, Tuesday, April 6th.

Mrs. Amanda Sylvester has returned from Phoenix, Virginia, where she has been visiting her son Sgt. Albert Walker.

Mrs. A. M. Pollard gave an interesting and helpful report on the activities of the Sixth Educational District Assn. to a small group of teachers attending the Hancock County Teachers Assn., Saturday, April 3rd. Teachers present were Mrs. Madora Barnett, Miss M. Lounsbury, Mrs. R. L. Thompson, T. E. Alfred, Mrs. A. M. Pollard and Mrs. G. D. Harrison.

Myrl Potlode served as musician for county-wide 8th grade graduation held at the Bond Consolidated School in Stone County, Friday, April 2nd.

Ellsworth Oliver Collins infant boy of Mr. and Mrs. Emile Collins died at their home in Washington St., April 1st, and was buried April 2nd, from St. Rose DeLima Church with Father Conrad Kinder, officiating. Interment was in Cedar Rest Cemetery.

St. Rose DeLima presented the first opera of the season this week, "The Woe of the Crosses" by the 3rd and 4th grades and the "Golden Whistle" by the 5th and 6th grades. Rosemary and Arimanthea O'Neil left this week for Washington, D. C. and New Orleans. The former is employed in Washington and the latter is attending the "Y" school of business in New Orleans.

Among those making their First Communion at St. Rose DeLima Catholic Church Sunday, April 3rd were: Alton Benoit, Nellie Collins, Owen Curry, Rosemary Cousseaux, Marcella Fairconnetue, Yvonne Fulton, Leo Paul Garrett, Geraldine Gilbert, Robert Gorman, Marinella

Veterans' News

QUESTIONS AND ANSWERS

Q—What happens if a disabled veteran fails in his course while he is being rehabilitated under the Vocational Rehabilitation Act (Public Law 16)?

A—Generally, Veterans Administration will take special steps to enter him in another course in which there is every likelihood he will be able to complete successfully. The situation depends on the facts and the circumstances in each case.

Q—I am considered totally disabled for insurance purposes but receive only 20 percent for compensation. Can my award be increased?

A—Your compensation will be increased only if the service-connected disability is shown to have increased in severity.

For insurance purpose, there may be other disabilities not service-connected, which, combined with the compensable condition produce total disability. Facts and material for determining the existence of permanent and total disability are different in insurance and compensation matters.

Q—Will a disabled veteran's compensation be reduced because he goes into training and receive subsistence under the Vocational Rehabilitation Act (Public Law 16)?

A—No.

Q—What are the conditions of eligibility for rehabilitation under the Vocational Rehabilitation Act (Public Law 16)?

A—A disabled veteran must have had active service on or after September 16, 1940 and before July 25, 1947, with a discharge under conditions other than dishonorable. He also must have a compensable service-connected disability incurred in or aggravated by such service. He must be in need of vocational rehabilitation to overcome the handicap of his disability.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite and digestion, thus help build resistance for the "blues" to come. Started 5 days before "your time," it should help relieve pain due to purely functional periodic causes. Try it!

"THIS TIME FOR KEEPS"

In Technicolor with Esther Williams, Lauritz Melchior And Jimmy Durante

Everybody gets into the act in M-G-M's blues-chasing Technicolor musical, "This Time For Keeps," showing at the Ortte Theater, and when you consider that the act includes Esther Williams in some of her most bewitching water routines, the inimitable Jimmy Durante, Lauritz Melchior of the operatic arias, crooning Johnnie Johnston and the Latin rhythms of Xavier Cugat and his orchestra—you can surmise that the act is BIG.

It's big, it's romantic, it's tuneful but most of all, it's howlingly funny, with Durante at his uproarious best in the role of an aquatic star's self-appointed guardian ever on the alert to keep the "wolves" away from the girl he adores. Johnnie Johnston is one "wolf" who slips by Durante's keen nose straight into the arms of attractive Esther, but not until a few complications are gotten out of the way—one of them being a society girl whom Melchior, playing Johnny's operator father, has chosen as his son's bride.

Much of the action takes place on picturesque Mackinac Island, and a lovelier place for romantic doings has seldom been seen on the screen. Here are performed some of the picture's stunning water-ballets in which Miss Williams appears in top form.

The picture offers a wealth of tunes ranging from classic offerings to the popular "Chiquita Banana." Among the outstanding are "I Love to Dance," "Why Don't They Let Me Sing a Love Song," "Easy to Love," "Sno Wonder" and such Durante comedy ballads as "Don't Say It With Ink" and "Ten Percent off."

First Baptist Church

Sunday, April 11 will be closing day for the current revival now being conducted there by Rev. Rupert Fussell. He will bring the morning and evening message on Sunday having as his topic at the 11 a. m. hour "The Resurrection" and at the 7:30 p. m. hour "The Second Resurrection." There will be the ordinance of Baptism at the close of the evening service.

SOUTHERN FORESTRY NOTES

1946 Pulpwood Production

By ROLAND WESTON

Pulpwood production in Southern Station territory in 1946 was 4,123,549 cords (see table). In comparison, 1,566,000 cords were produced in 1936. The largest increase was in Mississippi.

State	Std. cords, back included.	Pine
Alabama	731,184	
Arkansas	511,530	
Louisiana	766,063	
Mississippi	983,908	
Oklahoma	13,341	
Tennessee	30,699	
Texas	594,321	

Total 3,631,026

Hardwood	Total
25,242	756,406
65,617	577,147
20,901	787,964
254,251	1,238,159
0	13,341
104,847	135,546
21,665	615,986

The 1946 wood went to 24 mills in Station Territory and to 8 outside; 88% of the wood was pine, 12% was hardwood. One-third moved in interstate commerce, but the greater part was cut within 150 miles of the mills it was delivered to.

Expansion of the pulp and paper industry in the South began about 1936 and is still going on. From 1936 to 1946, pulp capacity increased 281% in Station territory, and an active search for new mill sites continues, new units are under construction at Childersburg, Ala., and Natchez, Miss. Capacity of the 26 existing and proposed mills will be 8,111 tons of pulp daily. Of this, 68% will be sulphate capacity, 26% groundwood or other mechanical process, 4% semichemical and 2% soda.

The capacity increase has pointed mostly toward pine. Interest is also strong in hardwoods, but so far the supply of hardwoods of pulpwood size has hardly been touched.—W. S. Stover.

Keep Small Trees Growing

Fast-growing young pine trees are one of the best paying investments a southern landowner can have.

A pulpwood tree that grows from 4 to 5 inches in diameter increases 114% in volume and value. If it grows 1 inch in 3 years, which loblolly pine will do if properly spaced, it earns its owner 38% interest per year. At the same rate of growth, it earns 23% yearly in growing from 6 to 7 inches, 12% in growing from 8 to 9 inches, and 9% in growing from 10 to 11 inches.

Sawlog trees that increase from 9 to 10 inches in 3 years earn 46% annually. They earn 23% annually in growing from 11 to 12 inches, 12% a year in growing from 15 to 16 inches.

These figures assume stumpage values increasing from \$10 per M b. f. to log. Thus, when the tree grows from 18 to 19 inches, annual interest is still 8%, and 5% in trees growing 23 to 24 inches.

Unless the landowner has other investments which will pay better rates, he should not cut small trees except to improve the stand.—R. R. Reynolds and S. F. Clark.

DAVIS AND DUBUISSON LEAD SENIOR CLASS

With the close of the 4th term, the senior grades were averaged and posted.

Leading the class with the average of 92.647, we wish to congratulate Lorraine Davis, Valedictorian of '48. Next we find Jane Dubuisson, Salutatorian, with an average of 90.437.

These two young ladies should justly be proud of being the scholastic leaders of a class of 34 members.

Sometime in the near future Lorraine and Jane will begin to compose their speeches for that not too far away evening, May 28 when they will receive their diplomas.

Gloria Biehl and Gay Curet were

runners up for salutatorian with averages of 90.411 and 90.352 respectively. Congratulations to all of these girls for their fine display of scholarship.

SCIENCE PLAQUE AWARDED

Mr. S. J. Ingram, Superintendent of Bay High School, announces that Lorraine Davis is the winner of the Bausch & Lomb Honorary Science Award Medal for achieving the highest scholastic record in science subjects during her high school course. Lorraine's average is 96 in Chemistry. The award will be presented to her on graduation night.

Founded in 1932, the Honorary Science Award program has the approval of the National Association of Secondary School Principals and of leading educators in every state. Competition for the bronze Award Medal is keen as the winner is eligible to compete for one of the five Bausch & Lomb Scholarships at the University of Rochester.

These Science Scholarships, valued at \$1,500 each, were established in 1944 by the Bausch & Lomb Optical Co., as a further incentive to science students. Winners of the Science Scholarships are expected to major in optics, physics, engineering, chemistry, mathematics, or a combination of these subjects. A limited number may be permitted to major in the pre-medical or other courses.

In commenting upon the Science Award, Mr. Ingram said, "The study of science is assuming increasingly greater importance in American education and industry. Winning the Science Award Medal at Bay High School is itself a significant indication of scientific aptitude."

St. Stanislaus Band Invited To Attend Festival In Columbia

H. F. Lane, Director of Columbia High School Band, sponsors "Pre Contest Festival"—To Be Held April 16th.

Many hearts were made happy when Brother Romuald, Director of the St. Stanislaus Band announced the invitation extended to the Band by Mr. H. F. Lane, Director of the Columbia (Miss.) High School Band, to participate in the "Pre Contest Festival" which will be held in Columbia, April 16.

For the past two years, the Stanislaus Band and the Columbia Band exchanged concerts. This year, the Columbia Band could not make the trip to Bay St. Louis. Consequently, the members of the Stanislaus band had given up hope of the trip to Columbia. So you can imagine how happy they were when told that Brother Peter had gladly given his O. K. to allow the band to participate in the Columbia Festival. Their past visits to Columbia have been most pleasant, and the people of Columbia treated them royally. Nothing was too good. The acquaintances and friendships they made during those visits are still pleasant memories.

The program for the Festival will open with a parade by all the participating bands at four o'clock the afternoon of Friday, April 16. Beginning at 7:00 P. M., the bands will assemble in the High School auditorium for the concert program. Each band will take to the stage and go through the same procedures as is done at the State Band Contest in Jackson. Each band will play its "warm up" march, its required contest selection and its selective number. In addition to these, each band may play one of its contest solo, and one ensemble. This type of program will prove very beneficial to every band. It is a grand idea and a wonderful experience for the students; an experience which is bound to make the contest performance a better one.

The Stanislaus Band will leave for Columbia about noon on Friday, April 16 and will return about noon the next day. The students will be housed for the night by the ladies of the Columbia High School Band Auxiliary.

INGRAM AND BRELAND ATTEND TEACHERS CONVENTION

Mr. Ingram and Mr. E. E. Breland, County Superintendent of Education, were elected by the County Teachers Association to attend the annual teachers convention. The convention was held in Jackson on March 17-18-19.

The meeting was reported very interesting. There was one of the largest attendances in the history of the organization present this year.

A Plan That Works

We have all seen the unsatisfactory results, at one time or another, of attempting to control conditions by prohibiting the legal sale of beer. It has been a most unsuccessful plan.

Now, here's another plan—a plan that I've seen work, and I know that all you folks in legal beer counties and many in the prohibition counties, will agree with me that it's the best plan.

The legal plan of selling beer prevents many of the crimes that originate at the bootlegger's den. The legal sale of beer keeps this beverage of moderation in its proper place—out in the open where the public, the law-enforcement officers and the Mississippi Division of the U. S. Brewers Foundation can control the conditions surrounding its sale.

From where I sit, I'd say that anyone is foolish who would trade the legal sale of beer with all its many advantages for the undesirable conditions we can't prevent when the bootlegger is king.

**ORTTE THEATRE
WED. & THURSDAY
"SECRET BEYOND THE DOOR"**

With Joan Bennett and Michael Redgrave

Joan Bennett and Michael Redgrave, are the stars of "Secret Beyond the Door," a Diana Production for Universal-International which opens Wednesday and Thursday at the Ortte Theatre.

Produced and directed by Fritz Lang, who directed "Scarlet Street" and "Woman in the Window," previous starring vehicle; for Miss Bennett, this latest Lang picture is a

powerful closeup of the compulsions to murder that lurk in every human mind.

Mounting Suspense

Miss Bennett and Redgrave play wife and husband in a cat-and-mouse story of mounting-suspense in which the woman steadfastly clings to her man even though his sudden and unpredictable outbreaks of schizophrenic fury put her life in recurring jeopardy.

Miss Bennett is cast as a social butterfly whose gaudy wings are represented by some 25 changes of wardrobe. Redgrave appears as a moody and eccentric architectural editor whose hobby is the collection of rooms in which murders have been

committed and their addition to his ancestral manor, where death broods in every nook. He has seven such rooms with the seventh containing a tense and exciting climax in the film.

Academy Award Winner

The strong supporting cast of the picture includes Anne Revere, Academy Award winner, seen as Redgrave's domineering older sister; Barbara O'Neil and Natalie Schafer, the latter in a comedy role frequently utilized to relieve a suspense otherwise unendurable.

Based on a Redbook Magazine Story by Rufus Kins, "Secret Beyond the Door" was written for the screen by Silvia Richards.

HOW SOUTHERN INDUSTRIES PUT NATURE'S RESOURCES TO USE FOR THE BENEFIT OF MANKIND

MAKING HIS Mark IN THE WORLD

The South is making its mark in the cement industry, converting limestone and clays into good roads, into concrete foundations for prospering new industries, and putting them to scores of other uses that help to serve the state.

But limestone and clay, in their natural state, are of little value. They must be gathered and processed into cement which is then taken to places and used where people need it.

Natural gas is another natural resource that is worthless while it is under the ground. It, too, must be gathered, processed and transported to cities and towns where it can be put to use before it gains value. This is the job being done by the United Gas companies...giving importance and value to an otherwise worthless product of the earth. This is practical conservation, for it stimulates industrial development, creates jobs and benefits all the families in the South.

CEMENT INDUSTRY

The Free Enterprise system is well exemplified in the South's cement industry. Here is an increasingly important industry providing good jobs for our people...spending large sums of money with local suppliers of materials and equipment...paying important tax money for the support of state and local governments...providing a sound investment for private capital. It deserves your support in its efforts to build a more prosperous Southern economy.

REGULAR MONTHLY MEETING OF S. J. A. PARENTS CLUB

The April meeting of the S. J. A. Parents Club was held in the school on Tuesday, April 6th, 1948, with Mrs. O. Delph, president presiding. Mother Blanche opened the meeting with a prayer. The minutes of the previous meeting were read and passed. The treasurer's report was given and accepted.

A motion was passed to entertain the veterans from the Gulfport Veterans Hospital, on the last Thursday of April, the 29th. Mrs. A. C. Mitchell was nominated program chairman and Mrs. Scott Assenheimer was named chairman of the refreshment committee.

A nominating committee for the officers for 1948-49 term were appointed. They are Mrs. L. S. Elliott, chairman, Mrs. Rosalie Benigno and Mrs. Horace Kergosien. These ladies will meet with Mother Blanche and Mrs. O. Delph, president before the May meeting.

Mrs. L. S. Elliott announced that the data being compiled on all the activities of the club for the year, will be completed by the May meeting and will be turned over at that time to the new secretary.

The publicity book, was offered for exhibit. It was decided that the scrapbook will be continued in duty of the publicity chairlady to continue it.

The attendance prize was won by the third grade.

The door prize was divided between the treasury and Mrs. A. L. Enterante.

Sister Raphael closed the meeting with a prayer. The co-hostesses of the day, Mesdames Henry Chapman and J. Dupiquier, served cakes and cold drinks.

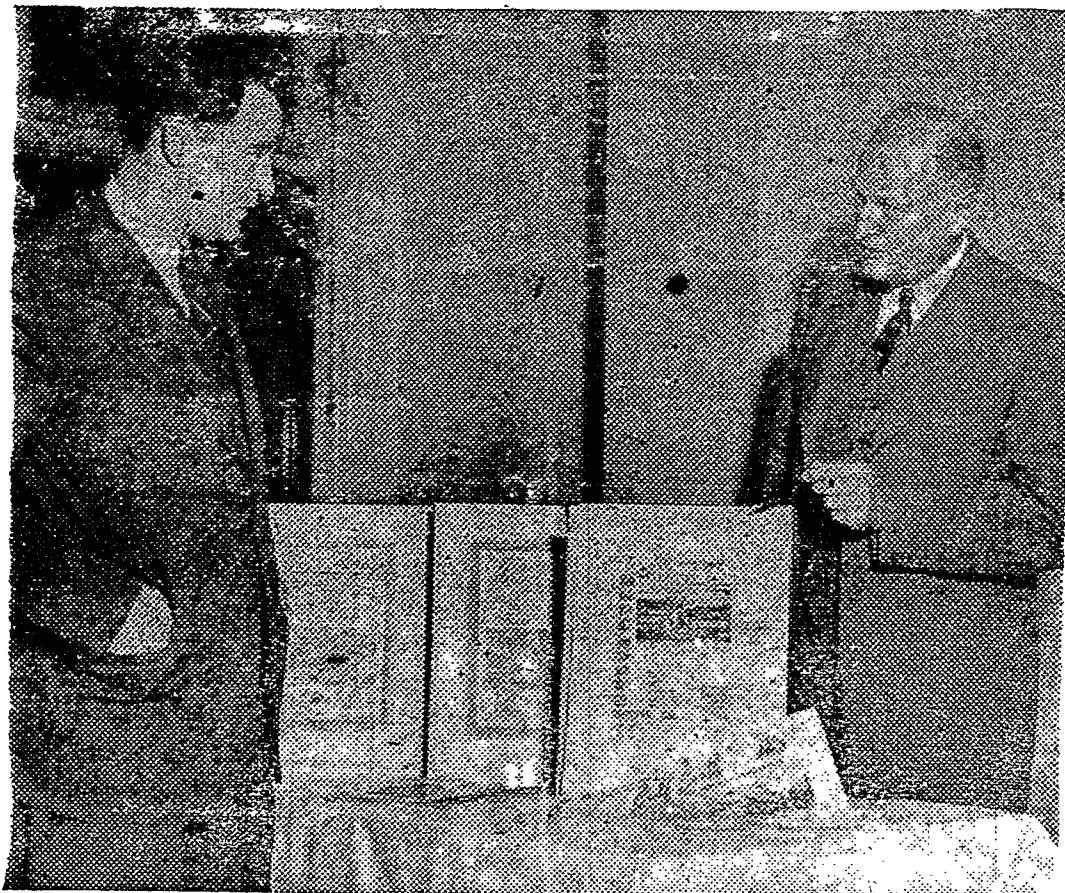

The members of the club will be guests of the Sisters of St. Joseph Academy at the May meeting.

Kings Daughters Elect Officers—Change Time of Meeting

The regular monthly meeting of the Bay St. Louis Kings Daughters and Sons was held on Monday, April 5 at 9 a. m. at the hospital. The major business transacted was the election of officers which resulted as follows: Mrs. Roger Boh, president; Mrs. Lucien M. Gex, vice president; Mrs. Harold B. Weston, second vice president; Mrs. Leo G. Ford, treasurer; Mrs. E. P. Kirkpatrick, secretary.

The hour of meeting was changed from 4 p. m. to 1:30 p. m. because this makes it more convenient for the doctors whose time is not their own and whose presence at these meetings is very necessary.

UNITED GAS ADVERTISING FEATURES MISSISSIPPI

J. D. Davis (right), Jackson district manager of United Gas Pipe Line Company, shows to W. E. Barksdale, director of the Mississippi Agricultural and Industrial Board, a copy of the United Gas ad featuring Mississippi which appeared in the March 15 issue of Time Magazine and is soon to appear in Business Week, Manufacturer's Record and Wall Street Journal. This ad is one in a series which describes the industrial opportunities of various sections of the "Gulf South," the five-state area served with natural gas by United Gas. Another ad, featuring the Mississippi Gulf Coast area, is scheduled to appear in April issues of the four publications. The current advertising program was explained to members of the A and I Board at its regular February meeting in Jackson and to the Mississippi Gulf Coast Council at Gulfport on March 17 by W. E. Wilson, Public Relations Director for United Gas.

Mississippi Conference Of Social Workers Held In Jackson

Mrs. Eunice Casanova, County Welfare Agent and Mrs. C. C. McDonald, Member State Board Attend 21st Annual Meeting

Mrs. Eunice Casanova attended the Mississippi Conference of Social Workers which held its twenty-first annual meeting in the War Memorial Building in Jackson, last week.

W. F. Bond, Commissioner of the State Department of Public Welfare presided.

Among the prominent speakers on the program was Robert W. Beggs, director of Region Six, Social Security Administration, Chicago, Ill., who addressed the assembly on "The Social Security Program and its Possibilities."

"The Child and Your Community" was discussed with Dr. Harrison A. Dobbs, president Louisiana State University School of Social Work at Baton Rouge, leading the discussion.

An institute on "Principles of Case-Work in Public and Private Agencies" was led by Mrs. Helen Harris Perlman, assistant professor School of Social Service Administration at the University of Chicago.

The president's address was made by Miss Sara P. Riggs on the theme "The Mississippi Conference Comes of Age." Other outstanding speakers were Dr. H. D. Edgins, professor of George Williams College, Chicago, Illinois; Dr. Ralph McDonald, member Board of the National Education Association and Chairman World Citizenship Committee; Miss Bess Craig, Consultant, American Public Welfare Association, Chicago, Ill.

Mrs. C. C. McDonald also attended the conference and former workers in this county attending were Miss Vivian Cook, and Mrs. Pauline Smith.

Mrs. Casanova says it was one of the most profitable conferences she has ever attended. It marked the twenty-first birthday of the Welfare and shows an enrollment of 415 members which is the largest membership yet recorded.

Ladner - Johnson Nuptials Held Saturday April 3rd At Catholic Rectory

Miss Juliette Johnston, daughter of Mrs. A. R. Johnston and the late Mr. Johnston and Mr. Alvin Ladner, son of Mr. Steve Ladner and the late Mrs. Ladner were married on Saturday, April 3 at 11 a. m. at the Rectory of Our Lady of the Gulf Catholic Church, the Right Rev. Monsignor A. J. Gmelch officiating.

The bride was attired in a white wool suit, a white hat with a shoulder corsage of purple orchid. She had as her only attendant her sister Miss Katherine Johnston who wore a light wool suit of tan, with brown hat and a white carnation shoulder corsage.

Mr. Ladner had as his best man his uncle Lester Ladner. Both wore light blue suits with a white carnation boutonniere.

Following the ceremony a reception was held at the home of the bride's mother at 119 Sycamore St. The house was bright with spring flowers and the bride's table was covered with a pale yellow silk cloth and centering it was the three tiered wedding cake decorated with silver leaves and tiny balls. Surrounding the cake were sprays of white roses. At either end of the table were crystal candle sticks holding white lighted candles.

For traveling the bride wore an aqua silk gabardine suit with a matching hat and gray accessories. Upon their return from their wedding trip they will be at home in Breath's Lane near Second Street.

The bride is a graduate of Bay High, in the class of '46 and held a position in the local Red Cross Office. Mr. Ladner is a Bay High graduate in the class of '47 and is with the Coast Electric Power Association.

Balius-Murphy Wedding In Church Of Nativity In Biloxi

A wedding which claimed general interest here was that of Miss Doris Murphy, daughter of Mr. and Mrs. Charles B. Murphy of Logtown and Frederick Alton Balius, son of Mr. and Mrs. Adolph Balius of Biloxi, which took place in the Church of the Nativity, the Rev. Peter Killen officiating, on Sunday, April 4.

The bride was attired in an ensemble of spring white crepe with a corsage of pink roses. She had as her only attendant Miss Helen Sekul. Mr. Balius had as his best man J. J. Randazzo.

Following the ceremony an informal reception was given by Mrs. James Mountjoy at the Balius home. Throughout the house were large sprays of Bridal Wreath and at the bride's table where Mrs. Mountjoy presided was a large three-tiered cake topped with a miniature bride and groom which the bride cut.

The couple left immediately after the reception for a wedding trip after which they will be at home on Porter Avenue Biloxi.

Miss Murphy is a graduate of Bay High and attended Gulf Park College. She holds a position with the Southern Bell Tel. and Tel. Co.

The bridegroom served in the United States Medical Corps for thirty months during World War II and in this time did overseas duty. He is now associated with the Koski Construction Co.

Delpit-Planos Nuptials At Church Of Our Lady Of The Gulf On Easter Sunday

Miss Gertrude Helen Planos and George Delpit were married on Easter Sunday at the Church of Our Lady of the Gulf, with the Right Reverend Monsignor Andrew J. Gmelch, officiating.

The bride, given in marriage by her step-father, John E. French, Sr., was attired in an aqua traveling suit. She wore a white felt cloche set off with a white and black plume. Her accessories were of white and she carried a mother of pearl pearly book topped by an orchid with streamers.

The church was decorated in the Easter theme and the altar was laid with quantities of Easter lilies set among sprays of bridal wreath and fern. Tall white baskets banked either side of the altar with similar arrangements.

Immediately following the wedding there was a reception at the home of the bride's mother, Mrs. John E. French and Mr. French. The bride and groom cut the four-tiered wedding cake topped by a miniature bride and groom. Receiving with Mr. and Mrs. French and the couple were Mr. and Mrs. Delpit, Sr., and Mrs. J. Ketchum.

Mr. and Mrs. Delpit left later in the evening for a wedding trip, and on their return will reside at an apartment on East Beach, Pass Christian. The bride is a graduate of Bay High School. Mr. Delpit, the son of Mr. and Mrs. R. J. Delpit, Sr., is a graduate of Pass Christian High School and served in World War II. He operates the Delpit Grocery in Pass Christian.
